

WORKPLACE VALUES ASSESSMENT

This is the website you'll use to complete the assessment. There are no right or wrong answers. <http://www.myplan.com/assess/values/pg1.php>

After reading all 20 cards, you'll drag & drop the cards into one of the 5 columns. They are numbered one through five with five being the most important and one least important.

After all cards are placed, review each column. If you are happy with the placement of the cards, click on "FINISH".

The results will indicate career areas you may want to pursue based upon what you 'value' in a work environment. Please mark your Primary value with a "P" and your Secondary with an "S" on list below.
